51 Community Events

& Ran **18**
Community Programs

COPPS Unit

COPPS Unit is an essential part of our community relationships and has been for years. In general COPPS officers field citizen complaints and then find any way they can help support the community.

THEIR GOALS ARE:

1. Promote a new partnership between the police and the community.
2. Improve accountability, responsiveness, efficiency, and equity in the delivery of police services.
3. Improve the community quality of life for all citizens of Kansas City, Kansas.

PROJECT CLEAN SWEEP

Last year the COPPS Unit collected trash that had been illegally dumped in Kansas City, KS. COPPS officers spent over 590 hours cleaning up the city. They fielded complaints from 109 people who reported trash locations. Project Clean Sweep was initiated to address this blight.

THE FOLLOWING WAS COLLECTED:

- **ILLEGALLY DUMPED TIRES - 771**
- **TRASH BAGS COLLECTED - 899**
- **BULKY ITEMS COLLECTED - 44,655 LBS.**
- **APPROXIMATELY 105,540 LBS. IN TOTAL CLEANED UP**

- Wrestling
- Sewing & Crochet Class
- Computer Lab with tutors on site when requested

The Kansas City, KS Police Department has partnered with the PAL Program to staff and provide a safe place for kids after school. They currently have 750 kids enrolled in the program. It would normally cost approximately \$500 a year per child to be enrolled in a similar program; With our partnership it is offered free to any youth from any nearby city or state. PAL is building not only strong relationships with the kids and their families, but also strengthening trust between the community and the Police Department.

The Garden produced a harvest of 1,100 pounds of produce which was given to families and offered at PAL events throughout the season. Additionally the two bee hives in the garden produced 140 lbs. of honey and the chickens produced over 1,000 eggs!

This year PAL received the following awards:

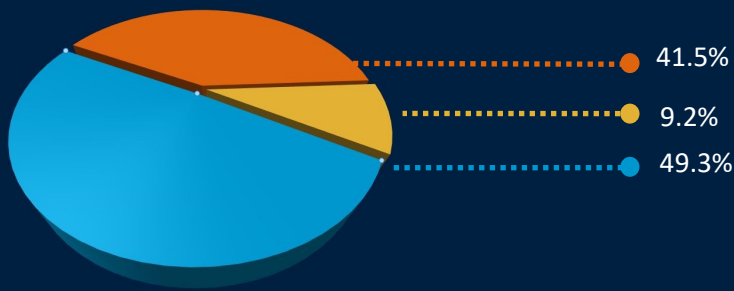

- Leadership 2000
- LISC- Thrive Building Block Award
- Historic KC named the PAL as the Best Adaptive Re-Use of a building
